

LOWER LAKES TOWING LTD.

Job Description 4th Class Marine Engineer

About Lower Lakes

Lower Lakes Towing operates a fleet of six self-unloading bulk carriers and three conventional bulk carriers in Canada. Combined with our U.S. sister companies, we have a combined fleet of 14 vessels. These vessels transport a diverse array of dry bulk commodities including limestone, coal, iron ore, salt, grain and other commodities for more than 50 long-standing customers in the construction, electric utility, integrated steel and food industries.

"We can go where the big ships go and also where they can't!"

We have immediate openings for the position of **4th Class Marine Engineer** aboard our Canadian flagged self-unloading and flat-back bulk carriers.

Responsibilities

- Efficient operation, upkeep, maintenance and cleanliness of all machinery and machinery spaces including deck machinery, equipment and spare parts
- Economical use of Engine Room Department stores (including receiving, stowage and care)
- While standing the watch, responsible for the safe and proper operation of the boilers, propelling machinery and its auxiliaries
- Adherence to federal environmental standards and familiarity with Oil Spill Response activities

Qualifications

- Experience on dry bulk carriers with self-unloading gear is an asset
- Minimum 4th Class Ticket required
- Permanent Residence Status or Canadian Citizenship required

Benefits

- One of the best leave systems on the Great Lakes
 - Opportunity for advancement
 - Tuition Assistance
 - Highly competitive pay
- Job Type: Permanent
