

Are you looking for a long-term, rewarding and challenging career in Newfoundland's expanding Aquaculture industry?

Placentia Bay Ocean Enterprises has immediate opportunities for highly motivated Deckhands to join our Harbour Breton-based crew.

Reporting to the vessel Chief Officer you would be working on our brand new, growing fleet of vessels equipped with the latest in positioning and aquaculture technology.

As part of our team, you would play a critical role in contributing to the safe, strong, sustainable growth of Newfoundland and Labrador's aquaculture industry.

Primary duties of this position include rope splicing, grid installation and inspection/repair; cage and net installation and replacement; net washing, cleaning of the vessel deck and general site maintenance.

All applicants must hold a valid Marine Emergency Duties (MED) certificate as well as a valid Seafarer's Medical. Rope splicing skills and experience are essential for this position. Bridgeward certificate of competency, ROV and crane operations certification and experience are an asset.

Flexible work hours and schedules are required. Working year round in outside weather conditions, lifting and moving heavy objects as well as the ability to stand for long periods, bend, lift and reach are requirements of this position.

Our total compensation package offers rotations that support work/life balance, as well as participation in our corporate health benefits program.

If you value safety, integrity and job satisfaction then we want to hear from you!

Qualified and interested candidates please forward your resumes by February 21, 2019 to careers@pboe.ca.

We thank all applicants for their interest, however only those candidates selected for interviews will be contacted.
