Great Pay  
& Benefits

Work-Life  
Balance

Good  
People

At Algoma we've got you covered. We offer exceptional salary and an awesome benefits package to make sure you're taken care of from day one into retirement.

We believe that time at home is important to our employee's quality of life. Having large blocks of time off means your time is yours, so go ahead, take that vacation.

We think having an inclusive on-board community is important for all crew members. That's why being part of the Algoma family means you're a part of the team, period.

*Algoma Central Corporation has opportunities for both marine navigation and marine engineering officers. If you hold a valid Certificate of Competency and are available for work immediately, please send your resume to [careers@algonet.com](mailto:careers@algonet.com)*
