MASTER’S DEGREE (ONLINE)

MARITIME MANAGEMENT

Train for a leading role in maritime-based organizations.
PROGRAM DESCRIPTION

The Master of Maritime Management (MMM) is an innovative program, the first of its kind in Canada, providing professional development opportunities for working, career-minded professionals. The online program helps provide the skills and knowledge necessary to effectively manage the diversity of operations found in the challenging maritime sector.

This program is offered fully online, and applicants from the global community are invited to apply.

For more information and to apply, visit www.mi.mun.ca/mmm.

PROGRAM OBJECTIVE

The Master of Maritime Management program will help provide graduates with strategic planning and decision making skills in the context of maritime organizations. Graduates will gain a deep understanding of the nature, structure and operation of maritime activities, and the factors that influence business decisions and the success of maritime-oriented organizations.

The Program enhances career development opportunities for entry-level managers or those looking to become managerial professionals. This program provides professionals with a number of career paths, including:

- Managers in maritime organizations
- Marine surveyors and consultants
- Maritime regulators and policy makers
- Entrepreneurs in maritime ventures
PROGRAM STRUCTURE

Participants will complete course work offered by the Fisheries and Marine Institute, Memorial University.

**OPTION 1**
- Two core courses (6 credit hours)
- Six elective courses (18 credit hours)
  - At least one from Category A
  - At least three from Category B
- Project in Maritime Management (6 credit hours)

**OPTION 2**
- Two core courses (6 credit hours)
- Eight elective courses (24 credit hours)
  - At least two from Category A
  - At least four from Category B

**CORE COURSES**
- MSTM 6041 Marine Policy
- MSTM 6042 Business of Shipping / Transportation of Goods

**ELECTIVES CATEGORY A**
- MSTM 6022 Communication and Conflict Resolution in a Technical Environment
- MSTM 6023 Strategic Planning, Policy, Participation and Management of Technical Operations
- MSTM 6030 Principles of Management for Engineering Technology Enterprises
- MSTM 6034 Project Management in the Offshore, Health, Fisheries and Engineering Technology Environments
- MSTM 6039 Sustainability and Environmental Responsibility
- MSTM 6052 Management of Intellectual Property
- MSTM 6054 Technology Assessment

**ELECTIVES CATEGORY B**
- MSTM 6027 Coastal and Ocean Environmental Policies
- MSTM 6043 Marine Law
- MSTM 6044 Marine Environment Law and Pollution Control
- MSTM 6045 Port Operations and Management
- MSTM 6046 Information Systems in the Marine Environment
- MSTM 6047 Maritime Security and Event Investigation
- MSTM 6048 Emerging Issues in International Marine Transportation
- MSTM 6049 Maritime Risk Analysis and Management
- MSTM 6050 Maritime Health, Safety, Environment and Quality
- MSTM 6051 International Maritime Compliance and Business Continuity Planning

**PROJECT OPTION**
- MSTM 6101 Project in Maritime Management (6 credits hours)

ADMISSION

**REQUIREMENTS**

Admission to the program is on a competitive basis.

Applicants must meet Memorial University School of Graduate Studies’ admission requirements.

In addition, to be considered for admission to the program an applicant will normally possess a second class or better undergraduate degree from a university of recognized standing and will normally have:

- A Memorial University Bachelor of Maritime Studies or Bachelor of Technology, or a comparable undergraduate degree with appropriate maritime sector and business management course work; and
- Appropriate technical knowledge and relevant marine sector employment experience.

**HOW TO APPLY**

Applicants should submit their application to Memorial University’s School of Graduate Studies by the following deadlines:

- FALL ADMISSION – MAY 15
- WINTER ADMISSION – SEPTEMBER 15
- SPRING ADMISSION – JANUARY 15

For more information and to apply online, go to www.mun.ca/become/graduate/apply.

## Program Delivery and Support

The overall structure of the program is course-based with courses offered online by the Fisheries and Marine Institute of Memorial University. This is fully supported by Centre for Innovation in Teaching and Learning (CITL). Brightspace is used as the main content delivery method and provides a virtual classroom for each course in the program.

Students can avail of all the services and support offered by the Marine Institute and Memorial University including access to the extensive University Library System resources and to Help Desk support available through CITL for technical issues related to Brightspace.

## About the Marine Institute

As a campus of Memorial University of Newfoundland, the Fisheries and Marine Institute is Canada’s most comprehensive centre for education, training, applied research and industrial support for the ocean industries.

Located on the edge of the Atlantic Ocean, we are one of the most respected centres of marine learning and applied research in the world.

The Marine Institute provides more than 20 industry-driven programs ranging from technical certificates to master’s degrees. In addition to undergraduate and graduate degrees, the Institute offers advanced diplomas, diplomas of technology and technical certificates.

The Institute also runs a variety of short courses and industrial response programs. All programs and courses are designed to provide students with knowledge and skills required for success in the workforce.

The Institute has three Schools — the School of Fisheries, the School of Maritime Studies and the School of Ocean Technology — and within these Schools a number of specialized centres and units.

These centres and units lead the Institute, both nationally and internationally. In applied research and technology transfer and in the provision of training to a variety of industry clients.
