PROGRAM DESCRIPTION

In the Bachelor of Maritime Studies (Maritime Management) program, you’ll study the impact of human resources, economics, marketing and quality management on today’s marine industry.

This is a unique, professional degree that provides you with an exposure to business, as well as the marine and technology management concepts necessary to ensure your success in it.

ADMISSION REQUIREMENTS

Graduation from an accredited or Transport Canada-approved diploma of technology program in the marine field; the program is also available to deck and engineering officers with appropriate professional certification: Fishing Masters Class I, as well as to Canadian Forces (Naval Operations) personnel.

*Note: International applicants holding appropriate credentials may also be admitted to the program. To apply, you must submit an application and supporting documentation to Memorial University.
