

## Safety and Emergency Response Training (SERT) Centre

### General

The Safety and Emergency Response Training (SERT) Centre is located in Stephenville, on the west coast of Newfoundland and Labrador. The SERT Centre offers specialized safety and emergency response courses in:

- Aviation Firefighting and Rescue
- Industrial Safety and Emergency Response Training
- Firefighting
- Fishing Industry and Small Boat Training

The SERT Centre has a modern training facility with a team of highly trained and experienced instructors. Its nationally certified training programs, unique training capabilities, location and ability to provide customized, site-specific training will assist you to optimize your training requirements.

The SERT Centre is a strategic alliance between the Fisheries and Marine Institute of Memorial University and the Stephenville Airport Corporation and operates as a satellite campus of the Marine Institute's Offshore Safety and Survival Centre (OSSC).

### Quality Assurance

As a part of Memorial University, the largest university in Atlantic Canada, training courses developed by the SERT Centre are subject to rigorous academic scrutiny. The majority of courses delivered at the centre are also accredited or approved by national and international regulatory or other external approving agencies. A team

of qualified, experienced instructors and modern training equipment assures the quality of training delivery. Additionally, the SERT Centre is part of the Marine Institute which is an ISO 9001 accredited training organization and subject to regular audit.

### Facilities and Equipment

The SERT Centre has an extensive array of facilities and equipment to support its training deliveries including:

- Environmentally safe aviation crash training field (hydro carbon fires)
- Aviation Crash vehicles
- Mobile Confined Space Mock-up
- Rope Rescue Training Tower
- Access to Structural Fire Pumper and Emergency Response Vehicles
- Large inventory of specialized training equipment
- Fire field buildings with access to shower facilities, lunch room, crash unit recharge facility and debriefing (mud-type) classroom
- The SERT Centre is located on the premises of a full service airport with capability to charter direct flights.

### Industry Associations

- National Fire Protection Association
